Approved: s/Scott D. Galvin, Mayor

ORDERED

Be it Ordained by the City Council of the City of Woburn that the 1985 Woburn Zoning Ordinances, as amended, be further amended as follows:

1. By deleting Section 5.7 in its entirety and replacing same with the following:

5.7 Buffer Requirements

1. Along each boundary of a Mixed Use or Business district other than Business Interstate which adjoins any Residential district in the City of Woburn there shall be a buffer zone of twenty (20) feet in addition to the minimum side and rear yard setbacks.
2. Along each boundary of an Industrial (I), Office Park (OP), or Business Interstate (BI) district which adjoins any Residential district in the City of Woburn there shall be a buffer zone of seventy (70) feet in addition to the minimum side and rear yard setbacks.
3. If the buffer zone requirement in Section 5.7.1 or 5.7.2 above is triggered by a rezoning of Industrial (I), Office Park (OP), or Business Interstate (BI) to Residential (R-1, R-2, R-3 or R-4) that occurs after (September 25, 2015), the burden of providing the buffer zone shall be imposed on the property rezoned. The City Council may waive or vary the imposed buffer zone requirement by special permit if it determines that:
 1. Existing or proposed alternative screening devices such as fences, evergreen plantings and earthen berms will provide a reasonable buffer between incompatible land uses;
 2. Waiving or varying the buffer zone requirement will not substantially impact the comfort, privacy, quiet enjoyment and standard of living of residents in the property rezoned; and
 3. The nature or circumstances of the particular lot, project or neighborhood justifies a different buffer requirement, including but not limited to topography, soils, or other site conditions which make the planting or maintenance of the buffer impractical.

Alternative screening devices authorized under this Section shall not be subject to the provisions of Sections 5.3.2, 5.3.4, or 5.7.7., except that the City Council shall insure that any plantings required by this Section do not interfere with or encroach upon sight lines or violate other provisions of the Woburn Municipal Code, Woburn Zoning Code or the Woburn Land Subdivision Rules and Regulations.
4. The buffer zones required by this section 5.7 shall, except to the extent provided in Section 5.7.3 or 5.7.5, extend from the zoning district boundary line into the mixed use, Business, Industrial or Office Park district, whichever the case may be.
5. If the boundary line between an "I" or "OP" district and an "R" district falls within or along a Road (as defined below) which is located either in the "R" district or in both the "R" district and the "I" or "OP" districts, that portion of any such Road in the "R" district from the centerline of the Road to the zoning district boundary line shall be included to meet this seventy (70) foot buffer zone requirement. For purposes of this Section 5.7, Road means any road, street, highway or other public way or way devoted to public use including the untraveled portion of any layout for any such road, street, highway or other way, but shall not include a "paper" street.

6. The buffer zone may be used for the following purposes:
 1. To calculate the Minimum Usable Open Space percentages required in Section 6.1;
 2. For driveways, useable open space, walkways and landscaped areas;
 3. Overnight parking of passenger vehicles, except that no portion of the buffer area within fifty (50) feet of the boundary line of a Residential district may be used for such purposes.
7. The buffer zone shall contain a screen of evergreen plantings along the full extent of its border with the residential district and at least ten (10) feet from such border. In the case of a buffer along a Road, the plantings must be at least ten (10) feet from the edge of the Road. Such evergreen plantings shall be not less than three (3) feet in width and six (6) feet in height at the time of occupancy of such lot, and shall thereafter be maintained by the owner or occupants so as to maintain a dense screen year round. Other alternative screening devices may be permitted by Special Permit where topography, soils, or other conditions make the planting or maintenance of such a hedge impracticable.
2. By deleting Note 8 in Section 6.1 Footnotes to 6.1 Table of Dimensional Regulations in its entirety and replacing same with the following:
 8. Structures located in Office Park (OP), Industrial Park (IP), Industrial Park Two (IP-2), and Business Interstate (BI) zoning districts, which are within seven hundred (700) linear feet of Residential-One (R-1), Residential-Two (R-2) and Residential-Three (R-3) zoning district boundary lines in the City of Woburn, shall have a maximum height of thirty-five (35) feet and/or three (3) stories. Any variation from the foregoing height/story limitation shall require the issuance of a special permit by the City Council. Where there is a rezoning subsequent to September 25, 2015 that creates one or a combination of R-1, R-2, R-3 or R-4 zoning districts, then the seven hundred (700) foot linear distance shall be measured from the location of the residential zoning district boundary line as it existed on September 25, 2015.

ORDERED

Be it Ordained by the City Council of the City of Woburn that the 1985 Woburn Zoning Ordinances, as amended, be further amended as follows:

1. By deleting from Section 11.11 Affordable Housing Requirement Paragraph 4 and Paragraph 6; and 2. By renumbering paragraphs 1 through 5 accordingly; and that Section 11.11 as further amended shall be as follows:

11.11 Affordable Housing Requirement

1. Whenever an application under this section for a Special Permit from the City Council seeks approval for the development of more than two units of Townhouse, Garden, or Elevator apartments as specified under Sections 5.1.3(a) through 3(d), and Section 5.1.4; or any application for a Special Permit to create more than two units of Townhouse, Garden, or Elevator apartments under Section 5.1.69, Section 5.1.70, or Section 7.3, under the zoning classification for the subject parcel existing at the time of application, the City Council shall require as a condition of any such special permit, the provision on site and within the development of affordable housing units equal to ten (10%) percent of the development's total number of dwelling units. The affordable housing units to be provided shall remain affordable in perpetuity, be equivalent in size, quality, and characteristics to the other units within the development, including tenure type, i.e., whether the overall development is intended for rental or homeownership. No certificate of occupancy for any market rate unit in the development shall be issued until certificates of occupancy have been issued for all affordable housing units. The monitoring of the affordability shall be the responsibility of the applicant and shall be supervised by the Woburn Housing Authority (WHA) in accordance with a Memorandum of Understanding (MOU) between the applicant and the WHA said MOU shall be presented to the City Council prior to final approval of the Special Permit by the City Council.
2. The units required above shall be affordable to persons and households of low and moderate income as defined by MGL Chapter 40B, Section 20. The Applicant shall be responsible for preparing a Massachusetts Local Initiative Program, Units Only Application, administered by the Massachusetts Department of Housing and Community Development (DHCD) or, any successor program, or an application for any other program that provides for units that are

deemed eligible by DHCD to be included under MGL Chapter 40B Section 20, under the direction of the Mayor or his designee, for execution and submission by the City of Woburn, and to complete all other work and fulfill all other requirements related thereto, to ensure that the units will be considered subsidized low and moderate income units as defined by MGL Ch.40B, Section 20.

3. The Applicant may request the City Council, as a condition of any such grant of a special permit, to meet the affordable housing requirements by providing off-site units within the same ward at a location or locations owned by, or under option to purchase by the petitioner and identified prior to the approval of and included as a condition of the special permit. The number of affordable housing units shall be equal to 10% of the requested development's total number of dwelling units of both on-site and off-site dwelling units, and shall meet the requirements of Paragraph 2, above. The Affordable units to be provided shall remain affordable in perpetuity, be equivalent in size, quality, and characteristics to the other units being developed, including tenure type, i.e., whether both the on-site and off-site units are intended for rental or homeownership. The monitoring of the affordability shall be the responsibility of the applicant and shall be supervised by the Woburn Housing Authority (WHA) in accordance with a Memorandum of Understanding (MOU) between the applicant and the WHA said MOU shall be presented to the City Council prior to final approval of the Special Permit by the City Council. Any special permit containing such a condition shall not become effective until a covenant, in a form approved by the City Solicitor, has been recorded in the Registry of Deeds, requiring the construction of such off-site affordable housing units. No certificate of occupancy for any market rate unit in the development shall be issued until certificates of occupancy have been issued for all off-site affordable housing units.
4. An Affordable Housing Fund shall be established in the City Treasury to receive all payments made under this Section, and shall be kept separate and apart from other monies by the City Treasurer. Any moneys in said fund shall be expended in accordance with the City Charter, to support the creation of low and moderate income housing units which meet the definition of "low or moderate income housing" as defined by MGL Chapter 40B, Section 20. All moneys which are collected as a result of any contribution to this fund shall be transferred to the principal of said fund, and the City Treasurer shall be the custodian of the fund and shall deposit the proceeds in a bank or invest the same in such securities as are legal for the investment of funds of savings banks under the laws of the Commonwealth of Massachusetts, or in federal savings and loan associates situated in the Commonwealth. Any interest earned thereon shall be credited to and become a part of such fund. The cost of acquiring land or property for future affordable housing development by the City of Woburn or one of its public authorities is an allowed expenditure of funds held in the Affordable Housing Fund.
5. In determining the number of units to be provided in accordance with Paragraphs 1 and/or 3, above, a fractional unit of .5 or greater shall be regarded as a whole unit. When less than one unit is required, the Application may satisfy the requirements of this Section by making a cash payment. Such payment shall be equivalent to the present value of the difference between the affordable rent or price as required under Section 2, above, and the projected market rent or price of the units as of the date the application is submitted. The City Council shall impose a reasonable fee on the applicant for the employment of outside consultant(s) under Chapter 44

Section 53G to determine the amount of said payment. Said payment shall be placed in the Affordable Housing Fund, as specified in Paragraph 4, above.”

ORDERED

Be it ordained by the City Council of the City of Woburn that the 1985 Zoning Ordinances, as amended, be further amended by deleting therefrom Section 26, Solar Overlay District; and amending Sections of said 1985 Zoning Ordinances as follows:

By amending Section 2, Definitions, to insert the following definitions in alphabetical order:

PHOTOVOLTAIC SYSTEM (also referred to as Photovoltaic Installation): An active solar energy system that converts solar energy directly into electricity.

RATED NAMEPLATE CAPACITY: The maximum rated output of electric power production of the photovoltaic system in watts of Direct Current (DC).

SOLAR ACCESS: The access of a solar energy system to direct sunlight.

SOLAR COLLECTOR: A device, structure or a part of a device or structure for which the primary purpose is to transform solar radiant energy into thermal, mechanical, chemical, or electrical energy.

SOLAR ENERGY: Radiant energy received from the sun that can be collected in the form of heat or light by a solar collector.

SOLAR ENERGY SYSTEM: A device or structural design feature, a substantial purpose of which is to provide daylight for interior lighting or provide for the collection, storage and distribution of solar energy for space heating or cooling, electricity generation, or water heating.

- a) SOLAR ENERGY SYSTEM, ACTIVE: A solar energy system whose primary purpose is to harvest energy by transforming solar energy into another form of energy or transferring heat from a collector to another medium using mechanical, electrical, or chemical means.
- b) SOLAR ENERGY SYSTEM, CARPORT/CANOPY: An accessory structure designed and utilized principally for the support of a solar energy system. For purposes of this Ordinance, a Solar Carport/Canopy is considered to be ground-mounted.
- c) SOLAR ENERGY SYSTEM, GRID-INTERTIE: A photovoltaic system that is connected to an electric circuit served by an electric utility.
- d) SOLAR ENERGY SYSTEM, GROUND-MOUNTED: An Active Solar Energy System that is structurally mounted to the ground and is not roof-mounted; may be of any size (small-, medium- or large-scale).
- e) SOLAR ENERGY SYSTEM, LARGE-SCALE: An Active Solar Energy System that occupies more than 40,000 square feet of surface area (equivalent to a rated nameplate capacity of about 250kW DC or greater).
- f) SOLAR ENERGY SYSTEM, MEDIUM-SCALE: An Active Solar Energy System that occupies more than 1,750 but less than 40,000 square feet of surface area (equivalent to a rated nameplate capacity of about 10 - 250 kW DC).
- g) SOLAR ENERGY SYSTEM, OFF-GRID: A photovoltaic solar energy system in which the circuits energized by the solar energy system are not electrically connected in any way to electric circuits that are served by an electric utility.
- h) SOLAR ENERGY SYSTEM, PASSIVE: A solar energy system that captures solar light or heat without transforming it to another form of energy or transferring the energy via a heat exchanger.
- i) SOLAR ENERGY SYSTEM, ROOF-MOUNTED: An Active Solar Energy System that is structurally mounted to the roof of a building or structure; may be of any size (small-, medium- or large-scale).
- j) SOLAR ENERGY SYSTEM, SMALL-SCALE: An Active Solar Energy System that occupies 1,750 square feet of surface area or less (equivalent to a rated nameplate capacity of about 10 kW DC or less).

SOLAR THERMAL SYSTEM: An Active Solar Energy System that uses collectors to convert the sun's rays into useful forms of energy for water heating, space heating, or space cooling;

By inserting a new Section 26 entitled “Solar Photovoltaic Installations” as follows:

26.1 Purpose

The purpose of this ordinance is to promote the creation of new solar photovoltaic installations in accordance with M.G.L. c.40A, §9B and the Green Communities Act, M.G.L. c.25A, §10, by providing standards for the placement, design, construction, operation, monitoring, modification and removal of such installations that address public safety, minimize impacts on scenic, natural and historic resources and to provide adequate financial assurance for the eventual decommissioning of such installations.

26.2 Applicability

This ordinance applies to all solar energy systems and to physical modifications that materially alter the type, configuration, or size of these systems or related equipment. Solar energy systems on municipal and school properties, except for O-S (Open Space), may be allowed in all zoning districts, but only by Special Permit from the City Council, and said solar energy systems shall comply with all setback requirements as outlined in Section 26.5. Roof mounted solar installations in all zoning districts, including municipal and school properties shall be a by right use not requiring a special permit or site plan review.

26.3 General Requirements for all Solar Photovoltaic Installations

The following requirements are common to all solar photovoltaic installations to be sited in designated locations.

1. Compliance with Laws, Ordinances and Regulations: The construction and operation of all solar photovoltaic installations shall be consistent with all applicable local, state and federal requirements, including but not limited to all applicable safety, construction, electrical, and communications requirements. All buildings and fixtures forming part of a solar photovoltaic installation shall be constructed in accordance with the State Building Code and each component of the solar energy system that is regulated by the building code shall be performed by those that are authorized to do such work in the Commonwealth of Massachusetts. Failure to use licensed personnel in all aspects of construction and installation of a solar photovoltaic installation shall be grounds for revocation of any approval granted under site plan review and/or any building permit issued.
2. Permits and Inspections: No solar photovoltaic installation shall be constructed, installed or modified as provided in this section without first obtaining all required building, electrical and plumbing permits.
3. The total capacity of all existing and proposed ground-mounted solar photovoltaic installations on the lot shall be measured in determining whether an installation is large-scale or small-scale.

4. All solar carports/canopies and ground-mounted solar photovoltaic installations shall be screened from view of abutting properties and streets, to the extent practicable. Screening may consist of fences, vegetation, evergreen plantings, topography and earthen berms so long as they do not interfere with or encroach upon sight lines or violate other provisions of the Woburn Municipal Code, Woburn Zoning Code or the Woburn Land Subdivision Rules and Regulations.
5. Security fencing shall be required around any medium-scale or large-scale ground mounted solar energy systems. Security fencing associated with ground mounted solar photovoltaic installations shall not be subject to the provisions of Section 5.3.2 of this Ordinance.

26.4 Use Regulations

26.4.1 Residential District Uses

(a) Uses Permitted as of Right

- i. Roof-Mounted Solar Energy Systems

(b) Uses Permitted by Special Permit

- i. Small-Scale, Medium-Scale and Large-Scale Ground-Mounted Solar Energy Systems on municipal and school properties

26.4.2 Non-Residential District Uses

(a) Uses Permitted as of Right

- i. Roof-Mounted Solar Energy Systems
- ii. Small-Scale Ground-Mounted Solar Energy Systems

(b) Uses Allowed through Site Plan Review

- i. Medium-Scale Ground-Mounted Solar Energy Systems
- ii. Large-Scale Ground-Mounted Solar Energy Systems
- iii. Solar Carport/Canopy

(c) Uses Allowed By Special Permit

- i. Small-Scale, Medium-Scale and Large-Scale Ground-Mounted Solar Energy Systems on municipal and school property

26.5 Dimensional and Density Requirements

26.5.1 Setbacks – Residential and Non-residential Districts

For all ground-mounted solar photovoltaic installations the minimum front, side and rear setbacks shall be as follows:

Residential: Front Setback: 50 feet;
 Side Setback: 50 feet;
 Rear Setback: 50 feet.
Non-residential: Front Setback: 25 feet
 Side Setback: 25 feet;
 Rear Setback: 25 feet.

26.5.2 Maximum height - The height limit for all solar carports/canopies shall be twenty (20) feet and all other ground-mounted solar photovoltaic installations shall be fifteen (15) feet.

26.5.3 All other yard, and space and height requirements of the underlying zoning district shall also apply, except that no ground-mounted solar photovoltaic installations shall be installed in front yards.

26.5.4 Additional Setback Requirement- When a Ground Mounted Solar Photovoltaic installation is constructed on a lot which adjoins land in a Residential Zoning District in the City of Woburn, there shall be an additional setback of seventy (70) feet in addition to the minimum side and rear yard setbacks

26.5.5 Appurtenant Structures

All appurtenant structures to a ground-mounted solar photovoltaic installation shall be subject to the requirements of this Zoning Ordinance concerning yard, space, height and setback requirements. All such appurtenant structures, including but not limited to, equipment shelters, storage facilities, transformers, and substations, shall be architecturally compatible with each other.

26.6 Solar Photovoltaic Installation Site Plan Review and Special Permit.

For purposes of this Section, Site Plan Review shall be conducted by the City Council prior to the construction, installation or modification of certain Ground Mounted Solar Photovoltaic Installations as provided below and, where applicable, Section 12 of this Ordinance. In accordance with Section 22(c) of the Massachusetts Green Communities Act, Solar Photovoltaic Installation Site Plan Review shall be expedited and no decision shall be rendered more than six (6) months after the date of receipt of a complete application as determined by the City Council. For those projects that require a Special Permit, the City Council shall be the special permit granting authority and special permit procedures shall apply.

26.7 Application and Plan Requirements.

A completed application for Solar Photovoltaic Installation Site Plan Review **or and** Special Permit shall be filed with the City Council, along with the applicable fee. Upon receipt of an

application, the City Council may engage, at the applicant's cost, professional and technical consultants, including legal counsel, to assist the City Council with its review of the application, in accordance with the requirements of M.G.L. c.44, §53G. The City Council may direct the applicant to deposit funds with the City Auditor for such review at the time the application is determined to be complete, and may direct the applicant to add additional funds as needed upon notice. Failure to comply with this section shall be grounds for denying the application. Upon approval of the application, any excess amount attributable to the application processing by the City Council shall be refunded to the applicant.

1. Plans: All plans and maps shall be prepared, stamped and signed by a Professional Engineer licensed to practice in Massachusetts.
2. Required Documents: the project proponent shall provide the following documents:

(a) A site plan showing:

- i. Property lines and physical features, including roads, for the project site;
- ii. Proposed changes to the landscape of the site, grading, vegetation clearing and planting, exterior lighting, screening vegetation or structures;
- iii. Blueprints or drawings of the solar photovoltaic installation signed by a Professional Engineer licensed to practice in the Commonwealth of Massachusetts showing the proposed layout of the system and any potential shading from nearby structures;
- iv. One or three-line electrical diagram detailing the solar photovoltaic installation, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and overcurrent devices;
- v. Documentation of the major system components to be used, including the PV panels, mounting system, and inverter;
- vi. Name, address, and contact information for proposed system installer;
- vii. Name, address, phone number and signature of the project proponent, as well as all co-proponents or property owners, if any; and
- viii. The name, contact information and signature of any agents representing the project proponent.

(b) Documentation of actual or prospective access and control of the project site sufficient to allow for construction and operation of the proposed solar photovoltaic installation;

(c) An operation and maintenance plan which shall include measures for maintaining safe access to the installation, storm water controls, as well as general procedures for operational maintenance of the installation including provisions to prevent reflection of glare and/or concentrated energy onto adjacent structures and properties;

(d) The underlying Zoning district designation for the parcel(s) of land comprising the project site (submission of a copy of a zoning map with the parcel(s) identified is suitable for this purpose);

(e) Proof of liability insurance;

- (f) Description of financial surety that satisfies Section 26.11.3;
- (g) Proof that the utility company that operates the electrical grid where the installation is to be located has been informed of the installation owner or operator's intent to install an interconnected customer-owned generator as well as documentation from said utility that it will connect the proposed customer-owned generator into its power grid. Off-grid systems shall be exempt from this requirement; and
- (h) The Applicant and owner shall execute a Right of Entry Form for the benefit of the City, in a form to be approved by the City Solicitor, to permit entry and removal in the event of Abandonment as provided in Section 26.11.2.

26.8 Design Standards

In addition to the requirements of Section 26.5, all Ground Mounted Solar Photovoltaic Installations shall be constructed as follows:

26.8.1 Lighting

Lighting of solar photovoltaic installations shall be consistent with local, state and federal law. Lighting of other parts of the installation, such as appurtenant structures, shall be limited to that required for safety and operational purposes, and shall be reasonably shielded from abutting properties. Lighting of the solar photovoltaic installation shall be directed downward and inward and shall incorporate full cut off fixtures to reduce light pollution.

26.8.2 Signage

Signs shall comply with Section 13 of this Ordinance. A sign consistent with Section 13 shall be required to identify the owner and provide a 24-hour emergency contact phone number shall be made visible from a right of way where the property has frontage. Solar photovoltaic installations shall not be used for displaying any advertising except for reasonable identification of the manufacturer or operator of the solar photovoltaic installation.

26.8.3 Utilities

Reasonable efforts, as determined by the City Council during site plan review, shall be made to place all utility connections from the solar photovoltaic installation underground, depending on appropriate soil conditions, shape, and topography of the site and any requirements of the utility provider. Electrical transformers for utility interconnections may be above ground if required by the utility provider.

26.9 Safety and Environmental Standards

26.9.1 Emergency Services: The solar photovoltaic installation owner or operator shall provide a copy of the project summary, electrical schematic, and site plan to the Fire Chief. Upon request the owner or operator shall cooperate with local emergency services in developing an emergency response plan. All means of shutting down the solar photovoltaic installation shall be clearly marked. The owner or operator shall identify a responsible person for public inquiries throughout the life of the installation.

26.9.2 Land Clearing, Soil Erosion and Habitat Impacts: Clearing of natural vegetation shall be limited to what is necessary for the construction, operation and maintenance of the large – scale ground-mounted solar photovoltaic installation or otherwise prescribed by applicable laws, regulations, and bylaws.

26.9.3 The approval of an application shall neither constitute the granting of an easement to sunlight over neighboring property nor a right to solar access.

26.10 Monitoring and Maintenance

26.10.1 Solar Photovoltaic Installation Conditions: The solar photovoltaic installation owner or operator shall maintain the facility in good condition. Maintenance shall include, but not be limited to, painting, structural repairs, and integrity of security measures. Site access shall be maintained to a level acceptable to the Fire Chief. The owner or operator shall be responsible for the cost of maintaining the solar photovoltaic installation and any access road(s), unless accepted as a public way.

26.10.2 Modifications: All material modifications to a solar photovoltaic installation made after issuance of the required building permit shall require approval by the City Council.

26.11 Abandonment or Decommissioning

26.11.1 Removal Requirements: Any solar photovoltaic installation which has reached the end of its useful life or has been abandoned consistent with Section 26.13.2 of this ordinance shall be removed. The owner or operator shall physically remove the installation no more than one hundred and fifty (150) days after the date of discontinued operations. The owner or operator shall notify the Building Commissioner and City Council by certified mail of the proposed date of discontinued operations and plans for removal. Decommissioning shall consist of:

- (a) Physical removal of all solar photovoltaic installations, structures, equipment, security barriers and transmission lines from the site;
- (b) Disposal of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations.
- (c) Stabilization or re-vegetation of the site as necessary to minimize erosion. The City Council may allow the owner or operator to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.

26.11.2 Abandonment: Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the solar photovoltaic installation shall be considered

abandoned when it fails to operate for more than one (1) year without the written consent of the City Council. If the owner or operator of a solar photovoltaic installation fails to remove the installation in accordance with the requirements of this Section within one hundred and fifty (150) days of abandonment or the proposed date of decommissioning, the City may enter the property and physically remove the installation.

26.11.3 Financial Surety: Proponents of large-scale ground-mounted solar photovoltaic projects shall provide a form of surety, either through escrow account, bond or otherwise, to cover the cost of removal in the event the City must remove the installation and remediate the landscape, in an amount and form determined to be reasonable by the City Council, but in no event to exceed more than one hundred and twenty five (125) percent of the cost of removal and compliance with the additional requirements set forth herein, as determined by the project proponent. Such surety will not be required for municipally- or state-owned facilities. The project proponent shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified engineer, which shall be reviewed and verified by the City Engineer. The amount shall include a mechanism for calculating increased removal costs due to inflation.

E. Acts of the Legislature Accepted by the City or Affecting the City

ORDERED

Be it ordained by the City Council of the City of Woburn that a petition be filed with the General Court that legislation be adopted precisely as follows. The General Court may make clerical or

editorial changes of form only to the bill, unless the Mayor approves amendments to the bill before enactment by the General Court. The Mayor is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition.

An Act Relative to the Use of a Parcel of Land in the City of Woburn for Recreational Purposes

SECTION 1. Notwithstanding section 15A of chapter 40 of the General Laws or any other general or special law to the contrary, the land commonly known as the Hurld elementary school and surrounding fields acquired by the city on or about August 12, 1954 and located at 75 Bedford Road in the city of Woburn, shown on assessors map 41 as block 9, lot 16, containing 11.27 acres more or less, and shown on a plan entitled "City of Woburn Land Taking School Building" which is recorded in the Middlesex South Registry of Deeds as Plan No. 1346 of 1954, currently used for educational purposes, shall be under the care, custody and control of the Woburn recreation commission to be used solely for active or passive recreational uses including, but not limited to, community gardens, trails, noncommercial youth and adult sports and park, playground or athletic field purposes; provided, however, that recreational use of such land shall not include horse or dog racing or the use of the land for a stadium, gymnasium or similar structure. Notwithstanding the preceding sentence, the portion of the land shown on the above-referenced plan that is designated for educational purposes shall continue to be under the care, custody and control of the city of Woburn school committee but shall be used for educational purposes only until such time as the newly constructed Wyman/Hurld elementary school is completed and all students receiving educational services at the Hurld school have been reassigned to alternative sites within the Woburn school district, at which time the school committee shall vote to authorize the transfer of the care, custody and control of the property to the Woburn recreation commission to be used solely for active or passive recreational uses pursuant to this act.

SECTION 2. This act shall take effect upon its passage.

ORDERED

Be it ordained that the City Council of the City of Woburn vote to transfer, pursuant to M.G.L. c.40, §15A, upon the completion of construction of the new Wyman/Hurld Elementary School building, the care, custody and control of a portion of the 7.497 acre parcel of land known as Spence Farm as shown on the 41 Wyman Street Shared Site Use – October 2015 (the “Plan”), a copy of which is attached to this Order, to the Woburn School Committee for educational purposes, subject to and conditioned upon the following:

1. That the portion of Spence Farm, as shown on the Plan which portion of the plan depicts the farm stand, Farmer’s Market location, pond and tree orchard will be under the care, custody and control of the Woburn Agricultural Commission.
2. That the City of Woburn retains control and responsibility for the design, construction and maintenance of the shared stormwater system.
3. That the School Committee shall have an easement allowing for access to the school from Wyman Street as shown on the Plan; The Agricultural Commission will have an easement allowing access to the Spence Farm site from Lowell Street during non-school hours as shown on the Plan.
4. That there shall be shared parking to accommodate both the school and patrons of Spence Farm activities.
5. Students and faculty shall have the right of access to the area under the care, custody and control of the Agricultural Commission to allow for recreational use and educational opportunities associated with the Farm’s agricultural activities; The School Committee and the Agricultural Commission shall work cooperatively to ensure this important educational goal is provided.
6. That the whole of Spence Farm remain available to the public for passive recreational uses.
7. That the School Committee, the Mayor and the Agricultural Commission enter into a Memorandum of Understanding regarding all of the above, and that a copy of the Plan be attached thereto and incorporated therein.
8. This Order shall be effective upon the transfer and conveyance of the care, custody and control of the land commonly known as the Clapp School and surrounding fields, acquired by the City on or about 1909, and the buildings and other structures thereon, located at the intersection of Hudson Street and Arlington Road in the City of Woburn, Massachusetts shown as Assessors Map 59, Block 26, Lot 20, containing 2.92 acres more or less, and shown on a plan entitled, “Use and Limitation Plan” dated September 2, 2009, and prepared by Leblanc Survey Associates, Inc., by the Woburn School Committee to the Woburn Recreation Commission, and in accordance with and in affirmation of the mandate of Home Rule Petition H4999, enacted as State Law under the Acts of 2010, Chapter 71, “An act relative to the use of a parcel of land in the city of Woburn for recreational purposes”, approved by the Governor, April 9, 2010.
9. The building or buildings currently on site shall be demolished and removed and the foundation of the building or buildings thereon shall be filled on or before May 1, 2016 or this Order shall be null and void.

ORDERED

Be it ordained by the City Council of the City of Woburn that a petition be filed with the General Court that legislation be adopted as follows provided that The General Court may make clerical or editorial changes of form to reasonably effectuate the purposes set forth herein

AN ACT RELATIVE TO THE TEMPORARY USE OF THE CLAPP SCHOOL IN THE CITY OF WOBURN

SECTION 1. Notwithstanding the provisions of Chapter 71 of the Acts of 2010 or any other general or special law to the contrary, the building and adjacent lower parking area located west of the building commonly known as the Clapp elementary school located at the intersection of Hudson street and Arlington road in the city of Woburn, shall be made available for use by the James L. McKeown Boys and Girls Club of Woburn, Inc. on a temporary basis, and only until such time as the demolition, construction, reconstruction, remodeling and repair of the existing James L. McKeown Boys and Girls Club of Woburn, Inc. located at Charles Gardner Lane, Woburn, have been completed and the new facilities are ready for occupancy or July 15, 2017, whichever comes first, at which time, the Clapp elementary school shall be vacated and any building or buildings thereon shall be demolished and the land restored to its natural state and utilized solely for recreational and park uses by October 15, 2017. In no event shall the Clapp school building be utilized for public library or any other use or purpose.

SECTION 2. That the temporary use of the Clapp elementary school by the James L. McKeown Boys and Girls Club of Woburn, Inc. shall be exempt from and not subject to, any and all applicable state and local land use regulations, statutes and ordinances including, but not limited to, zoning, subdivision control and wetlands, except for all applicable building and fire protection regulations; and from all state and local regulations, statutes and ordinances pertaining to the disposition of real property by lease or license including, but not limited to, section 3 of chapter 40 and section 16 of chapter 30B. The temporary use and occupancy described herein shall be upon terms and conditions as the Mayor shall deem appropriate.

SECTION 3. Notwithstanding that the use of the Clapp elementary school under section 1 is temporary only, to ensure a no-net loss of lands for natural resource purposes for land diverted from an open space, park or recreational use under Sections 1 and 2, the land located on Russell Street, Woburn and owned by the city for general municipal purposes pursuant to a deed dated May 30, 1979 from the commonwealth of Massachusetts department of public works and recorded in the Middlesex south registry of deeds in book 13780, page 31, shall be under the control of the recreation commission to be used solely for active or passive recreational uses including but not limited to, community gardens, trails, noncommercial youth and adult sports and park, playground or athletic field purposes; provided, however, that recreational use of such land shall not include horse or dog racing or the use of the land for a stadium, gymnasium or similar structure.

SECTION 4. It is the express intention of this act that except for the temporary use of the Clapp Elementary School by the James L. McKeown Boys and Girls Club of Woburn, Inc., as set forth herein, the land commonly known as the Clapp school and surrounding fields acquired by the city on or about 1909 and located at the intersection of Hudson street and Arlington road in the city of Woburn, shown on assessors map 59 as block 26, lot 20, containing 2.92 acres more or less, and shown on a plan entitled "Use and Limitation Plan" dated September 2, 2009, prepared by Leblanc Survey Associates, Inc. shall be under the care, custody and control of the Woburn recreation commission to be used solely for active or passive recreational uses including, but not limited to, community gardens, trails, noncommercial youth and adult sports and park, playground or athletic field purposes; provided, however, that recreational use of such land shall not include horse or dog racing or the use of the land for a stadium, gymnasium or similar structure and that Chapter 71 of the Acts of 2010 is hereby ratified and confirmed.

SECTION 5. This act shall take effect upon its passage.
